

Years ago in the clothing business

there were fabrics called "satinet;" cotton and cheap wool woven together. Ask any old clothing man about "satinet;" he'll remember.

They were an awful fraud; they looked good, and they were bad. They were a reproach to the clothing business; made people afraid for years to trust the statements of the clothier.

The revival of cotton mixtures, due to the high price of wool has brought the "satinet" period back in a modified form. You can't trust any clothes offered to you now, unless they're all-wool and guarantee to be.

There is at least one concern, makers of good clothes who will put their label on nothing but all-wool goods. Hart Schaffner & Marx are one such concern; and we sell their goods. All-wool all right.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol For Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by Peoples Drug Store.

No one would buy a sailboat with sails that could not be reefed. There is always that possibility of a little too much wind that makes a cautious man afraid to go unprovided. The thinking man, whose stomach sometimes goes back on him, provides for his stomach by keeping a bottle of Kodol For Dyspepsia within reach. Kodol digests what you eat and restores the stomach to the condition to properly perform its function. Sold by Peoples Drug Store.
